

KILIMANJARO FLOWERS HUB COMPANY LIMITED

Product Catalogue

Eucalyptus Baby Blue

Leaf Shape: Perfectly round, cup-shaped leaves arranged neatly in opposite pairs along the stem.

Color & Coating: Intense silvery-blue or blue-gray hues covered in a distinctive white, powdery waxy bloom.

Fragrance: Exceptionally strong, classic medicinal eucalyptus scent emitted from both the crushed leaves and stems.

Floristry Value: Widely grown to harvest sprays for bouquets; the waxy coating helps the cut stems last an incredibly long time in a vase.

Length: Fresh cut range from 40-70cm long (as per customer requirements)

Stems: straight /standard stems

Eucalyptus Cinerea

Leaf Shape: Perfectly round, cup-shaped leaves arranged neatly in opposite pairs along the stem.

Color & Coating: Intense silvery-blue or blue-gray hues covered in a distinctive white, powdery waxy bloom.

Fragrance: Exceptionally strong, classic medicinal eucalyptus scent emitted from both the crushed leaves and stems.

Floristry Value: Widely grown to harvest sprays for bouquets; the waxy coating helps the cut stems last an incredibly long time in a vase.

Length: Fresh cut range from 40-70cm long (as per customer requirements)

Stems: straight /standard stems

KILIMANJARO FLOWERS HUB COMPANY LIMITED

Product Catalogue

Eucalyptus Baby blue "*pulverulenta*" essential oil is primarily composed of 1,8-cineole (eucalyptol), making up about 70-80% of its chemical profile. The remaining secondary active constituent is eugenol (approx. 7.5%), which gives it a slightly different aromatic profile compared to other standard Eucalyptus species.

Source

Extracted directly from the eucalyptus baby blue leaves via steam distillation process. It is "100% Pure & Natural". Contains zero synthetic additives, fillers, or artificial chemical fragrances.

Uses and benefits

Aromatherapy Benefits

Promotes respiratory comfort, clears nasal passages, and helps relieve tension and headaches. In addition, it helps promote relaxation, while also increasing focus and mental freshness. As a result, the aroma of eucalyptus can significantly contribute to overall well-being.

Diffusers

You may add 5 to 10 drops into water diffuser to create a spa-like, revitalizing atmosphere at home or in the office.

Steam Inhalation

Add a few drops to a bowl of hot water or a steam shower to alleviate seasonal cold and congestion symptoms.

Topical Application

Can be mixed with a carrier oil like coconut oil to massage sore muscles or soothe tension.

Crafts

Used frequently for soap making, candle pouring, and natural home cleaning sprays.

Inhale

Add a few drops to hot water or a tissue to clear the airways.
